

Version:	V6.16.0
Issue date:	5th Aug 2026
Type:	Public

1.Hardware Compatibility

This USB audio driver is fully compatible with digital audio products across the Quad, Audiolab, Mission, and Leak brands.

2.Supported Operating Systems

Windows 10 / Windows 11: This driver package is strictly designed and optimised for Windows 10 and Windows 11 operating systems.

Legacy Windows Versions: For older operating systems including Windows 7, Windows 8/8.1, Windows XP, and Windows Vista, this version is not supported. Please download and install the legacy IAG USB Driver V2.23.

macOS / Linux / Android: Plug-and-play supported. These operating systems natively support USB Audio Class 2.0 (UAC2.0) and do not require any additional driver installation.
